PROFILE

Passionate Full Stack Web Developer with a BCA degree and hands-on experience building responsive, user-friendly web applications. Skilled in modern frontend and backend technologies, with a strong interest in UI/UX and real-world projects.

EDUCATION

Bachelor of Computer Applications (BCA)

Rudra Manohar College, CCS University, Meerut

Passing Year: 2026 • 61.81% • First Division

SELECTED PROJECTS

RS Motors — Car Service Website

Responsive car-service website with Services, Pricing, Gallery, Contact and Appointment sections.

Amazon Clone

Amazon-inspired responsive UI built with HTML, CSS and JavaScript.

Spotify Clone

Spotify-inspired music player interface with a clean responsive layout.

Kavika Library — Full Stack Project

Full-stack library management project covering frontend, backend and database functionality.

Photo Editing Website

Web-based photo editing experience focused on interactive tools and a user-friendly interface.

Snake Game

Interactive browser-based Snake Game with responsive controls and engaging gameplay.

STRENGTHS

- Strong problem-solving
- Quick learner
- UI/UX interest
- Team & project focused

CAREER FOCUS

Seeking a developer role to apply full-stack skills, build production-ready applications and grow through real-world engineering challenges.
